

Instructions: You will need a dice, two markers, a piece of paper and pencil for a tally. **1.** Roll the dice. Move your marker **forward** or **back** the amount you rolled. **2.** If you land on a penny or a nickel, add that amount to a tally you are keeping for yourself and the other player. **3.** When you have 13 cents or more, go to the Candy Stand. Who will get there first?
