Little Time, Big Impact

A little goes a long way.
There are so many ways to
mentor, there is a fit for
every kind of mentor.

Mentoring Saves Lives

Research shows that being involved
in a mentoring relationship has a
positive impact on a young person's
school attendance, social skills,
attitude, and behaviour with friends

If you know anyone that you think would make a good Mentor, will you please talk to them about it and have them contact BGC for more information? In order for the Mentoring programs to be successful, we need to have willing and suitable volunteer Mentors! Everyone needs someone to look up to, and one caring person can make the world of difference to a child!!
